PROSPECTUS
2019-20

OUR PIONEER

HON'BLE SANT BABA MALKIT SINGH JI

FOUNDER PRESIDENT, SANT BABA BHAG SINGH MEMORIAL CHARITABLE SOCIETY,
FOUNDER CHAIRMAN, SANT BABA BHAG SINGH EDUCATIONAL COMPLEX &
FOUNDER CHANCELLOR, SANT BABA BHAG SINGH UNIVERSITY.

The saint and seer who encouraged the society to find within the remedies of ills plaguing in through the self development movement was born with a firm conviction that there is no religion bigger than humanity. He worked selflessly for the upliftment of the poor and made sure that there is no discrimination over caste and religion. The missionary zeal of Sant Baba Malkit Singh Ji, resulted in the development of the place into a centre of true education where high quality scientific, technical and moral education is imparted. He took upon himself the task of fulfilling the vision of his mentors by encouraging the youth of this backward, rural and flood ravaged area onto the path of progress through authentic and affordable education. The life and

deeds of Sant Baba Malkit Singh Ji were marked with rising above the self and implied restrictions of prejudices by dedicating his life in the service of mankind by living through honest means.

His total commitment to service or sewa brings completion and spiritual fulfillment to his extraordinary persona. Realization that strong moral character, physical well-being, strength, emotional and aesthetic abundance are outcome of a meaningful education by this chaste soul. He sturdily advocated that only individual development is of no meaning if it is not put to the good use of the society. A natural consequence of a true education, according to Sant Baba Malkit Singh Ji is service of the society through honest means where

resources are shared, inequalities are bridged and discrimination is abolished. Convinced that a combination of knowledge, action and devotion can bring about physical and spiritual transformation of individuals as well as the society. He founded Sant Baba Bhag Singh University in 2015 as a great seat for learning.

HE WORKED
SELFLESSLY FOR THE
UPLIFTMENT OF THE POOR

WELCOME

I have a firm conviction that Quality Education is a corner-stone for the complete upliftment of society. Sant Baba Bhag Singh Memorial Charitable Society (SBBSMCS) was constituted to give practical shape to the innovative idea of quality education. With the efforts of the Society under the able guidance of Hon'ble Sant Baba Malkit Singh Ji, Sant Baba Bhag Singh University has come into existence. It envisages to

tap the potential of the students to produce competent professionals.

I am glad that many eminent Educationists and leading Industrialists have joined the movement along with the general public and NRIs. I am fully confident that with the blessings of Almighty, this endeavour would be a success and would continue to serve the society over time to come.

VISION

To encourage each and every child to get educated, acquire knowledge and wisdom, so as to learn the art of leading a happy, successful and meaningful life.

Sant Baba Dlawar Singh Ji (Brahm Ji)
Chancellor

ONE OF THE INDIA'S
TOP
UNIVERSITY*

Awarded - Young and Dynamic Vice Chancellor of the Country

Modern world has ushered into an era where knowledge can no longer be restrained into narrow confines nor can be owned by a specific social class. The essence of humanity lies in freedom and this freedom cannot be limited to an individual or to a small group. It is collective in nature unless all the individuals living in a nation regardless of class, religion, caste or creed are able to relish that freedom; it remains incomplete in nature. Knowledge liberates the mind and only a society that is able to devise mediums, methods and strategies to propagate knowledge and educate its every single member, can hope to provide its present and future generations an environment of growth, dignity, respect and constructive development.

“

We have made significant investments in our estate, libraries and IT infrastructure to ensure you have easy access to cutting-edge facilities and resources for your studies. We also offer different methods of study to suit your individual circumstances and to add value to your learning experience.

SBBS University was established in year 2014 by the Government of Punjab. The University aims at facilitating and promoting studies, research, technology incubation, product innovation and extension work in Science, Technology and Management Education for achieving excellence in higher technical education.

My hearty welcome to you at SBBS University, a splendid Temple of Learning. I appreciate your keenness to join our University. You are entering into the arena of higher education where the future is full of opportunities and promises.

We at SBBS University are committed to provide you with excellent education, practical training and facilities in the career you have chosen to pursue. To achieve this we continuously update our courses and syllabi, keeping in view the changing needs of different professions, industries and social landscape. A huge array of events including professional skills programmes and careers fairs, an exclusive jobs portal and multiple online resources, there's a wealth of opportunities on offer to help you increase your employability for when you graduate. Whether you're looking for networking opportunities or advice on what to do next, we can help you make it happen.

About Vice Chancellor

Prof. (Dr.) Jatinder Singh is an eminent educationist and researcher. He received his M.Tech degree from Punjabi University, Patiala and Ph.D. from the same university in Computer Engineering with specialization in Wireless Network Security. He has very rich industrial, teaching, research and administrative experience. He is a prolific author in the field of Computer Engineering. He has published more than 150 research papers in International & National journals of repute. Apart from that, he has 22 highly acclaimed text/research to his oeuvre which are recommended as text books in many Indian and foreign universities. He is also a life member of several professional scientific organizations (ISTE, CSI, IETE etc) and has lectured widely at academic institutions.

He has received many National and International awards including Best Research Scholar Award by UGC in 2007, Excellence Service Award by Punjab Govt. in 2008, R&D Gem of DBIEM, Vigyan Ratna Award by Honorable Governor of Punjab in 2012, Bharat Gaurav Award by AITMC 2013 and many more awards were bestowed upon him.

DESIGNED FOR YOU

Our pathway courses give you everything you need to support your progression to a top Company. We help you to improve your academic abilities, communication skills and subject knowledge, to ensure you are fully ready to serve Industry after Bachelor's, Master's or Doctoral degree.

ABOUT THE UNIVERSITY

Sant Baba Bhag Singh University came into existence vide Sant Baba Bhag Singh University Act, 2014 (Punjab Government Act No. 6 of 2015) and is recognized by UGC under Section 2(f) of UGC Act, 1956. This University has been established in the name of Sant Baba Bhag Singh Ji, who carried forward the mission of 'NIRMALA PANTH' initiated by Sri Guru Gobind Singh Ji, the Tenth Guru of Sikhs, to spread education for all round development of the society. Sant Baba Bhag Singh Ji visualized that education and self-help are the transforming forces for upliftment of the common man. To achieve this, Sant Baba Malkit Singh Ji adopted the ravine devastated rural area of Jabbar/Manko (Jalandhar) and marched on to educate people to identify their problems and then solve it by self-help. In this direction a programme of 'Girl Education' was initiated in 1954 with a view that girl education was a step towards empowerment of the family. Carrying forward the legacy, Sant Baba Malkit Singh Ji established Sant Baba Bhag Singh Memorial Charitable Society (SBBSMCS) in the year 2000, facilitating education from Nursery to Postgraduate Degree level, to make Quality Education accessible to rural youth in technical and professional streams in the Doaba region of Punjab.

Department of COMPUTER SCIENCE & ENGINEERING

The department of CSE provides a high-quality Undergraduate and Post Graduate Education in Computer Science & Engineering that provides all-round development of an individual by creating futuristic environment that fosters critical thinking, dynamism and innovation to transform them into globally competitive professionals and empowering the youth in rural communities with computer education.

From advanced robotics to internet-based technologies, computer science is transforming the way we live.

Salient Features

- Provides a learning environment strongly focused on collaborative and interdisciplinary research under the guidance of experienced and qualified faculty.
- Provides 24 hours 100 Mbps High speed Internet facility with Wi-Fi Connectivity.
- The department provides Digital Library with access to Journals and Video lectures of Eminent Professors.
- The department regularly organizes Conferences, Seminars, Student Symposia, Short-Term Training Program, Value Added Courses and frequent Industrial Visits to Industry for Practical Exposure and Technical Awareness.
- The department has signed MOU with IIT Delhi, to provide remote access to Virtual Labs and has established Student Chapter of Computer Society of India(CSI).

STUDYING AT SBBSU MEANS JOINING A SPECIAL COMMUNITY OF LIKE-MINDED INDIVIDUALS WHO ARE ALL ENTHUSED TO DESIGN, INVENT AND DEVELOP IDEAS USING INNOVATIVE METHODS, MY COURSE COMBINES THEORETICAL WORK AND PRACTICAL KNOWLEDGE ACROSS BOTH ELECTRONIC ENGG. AND COMPUTER SCIENCE ENGG. ENSURING THAT, AS A GRADUATE, I AM HIGHLY VALUED BY EMPLOYERS AND WILL HAVE THE KNOWLEDGE AND SKILLS TO CONSIDER A CAREER IN A BROAD RANGE OF INDUSTRIES.

I've enjoyed the internship at L&T as a Civil Engineer. It has helped me understand how everything fits together. My internship helped me broaden my knowledge horizons. It's been a great learning experience.

Department of CIVIL ENGINEERING

Civil Engineering is the oldest engineering discipline. Civil Engineering addresses to all the aspects of the infrastructure facilities necessary for the modern living in housing such as buildings, transportation system, water supply, urban development etc. The versatile branch of Civil Engineering is often referred to as evergreen branch as new graduation do find job of different kinds/types. The branch offers a wide range of career option in department of railway, PWD, Military Engineering Services (MES), highways, irrigation section etc.

Salient Features

- Well-equipped labs with all equipments, instruments and study material.
- Regular field survey and field work to get more practical knowledge and also conduct survey camp every year for 15 days in hilly area.
- Use of automatic total station for off-site work.
- Skill development classes on Auto-cad and Staad-pro.
- Regular conduction of seminars and visits on present traffic scenario.
- Well experienced teaching and non-teaching staff is one of the greatest asset of department and care is taken to ensure that students acquire all the essential engineering aspects.

Salient Features

- Department has qualified and experienced faculty.
- Well equipped labs with measuring instruments / machines & Electronic devices and communication system labs. Laboratories are supported by desired software MATLAB, MULTISIM, ORCAD.
- More than 4000 books related to Electrical & Electronics communication Engineering are available in Library of UIET.
- Conducts various expert lectures, seminars & workshops on latest technologies.
- Frequent visits to industries for practical exposure and technical awareness of the students. Students are encouraged to do industrial projects, industrial visits, implant training.

Department of Electrical Engineering

The department offers a vibrant environment for education in Electrical Engineering. Our mission is to provide a high-quality education and prepare students to design and develop products as well as practical solutions to problems in public and private sectors. Currently, the department of Electrical Engineering offers B. Tech. in Electrical Engineering. Faculty members in the Electrical Engineering department hold B.Tech./M.Tech./Ph.D. degrees from prestigious government institutions. Faculty members have specialization in diverse fields of Electrical Engineering such as Power systems, Electrical Machines, Electrical Drives, High Voltage Engineering, Control systems, Instrumentation, Biomedical Engineering, Signal Processing, and Data Mining. The faculty members have published significant number of research and review articles in reputed International Journals as well as in the proceedings of various International and National Seminars, Conferences, Symposia and Workshops. Members of the faculty have also contributed chapters to books published by well-known international publishers.

Salient Features

- The department's faculty is highly qualified and has extensive teaching experience.
- Excellent teaching methodology with a focus on interactive learning through the use of audio-visual aids.
- Well-equipped and upgraded labs to provide students with hands-on learning opportunities.
- IIT Delhi's Virtual Labs platform is being used to provide additional Virtual Lab classes.
- The curriculum is well-balanced, with a good mix of research and industry-oriented courses.
- Students attend regular workshops, seminars, and guest lectures to learn about the latest technology and industry practices.
- Mini-projects and in-plant trainings to provide students with hands-on experience.
- Industrial visits to various renowned companies to expose students to a variety of environments.

COMPUTER SCIENCE AND APPLICATIONS

The University Institute of Computer Applications & Information Sciences (UICAIS) strives for excellence in creating, applying and imparting knowledge in computer science through comprehensive educational programs, research & dissemination through scholarly publications and service to professional societies, the community, the state and the nation. The Institute imparts quality education ranging from the expertise in traditional software development to the modern computing technologies

The SBBSU Advantage: ACADEMIC EXCELLENCE

The Department of Computer Science and Application is widely recognised as a centre of excellence in the study of new technology, security and international employment.

- Research oriented curriculum designed to enable students to acquire all the skills needed to collect and analyze the data.
- The Institute drawing upon its strength of highly qualified well trained faculty, state of art infrastructure and innovative teaching methodology.
- Elective courses that bridges the gap between industry requirements and academia.
- Hands on experience in most of the courses of computer applications so as to impart practical knowledge in the relevant field.
- To keep the students at par with the emerging technologies prevailing in the market, the institute is furnished with various specialized research labs and software labs.

UNIVERSITY INSTITUTE OF SCIENCES & HUMANITIES

Department of Life Sci. & Allied Health Sciences

Division of Life Sciences was established in year 2015 under the University Institute of Sciences (UIS) with an objective to promote integrated approach to teaching and research in the diverse field of modern biology. Under this division, department is offering various programmes and courses at graduate, post-graduate and doctorate level. Major research areas include: Molecular Biology, Endocrinology, Biochemistry, Bio-diversity, Fish & Fisheries, Entomology, Animal Physiology, Plant Physiology, Plant Biochemistry, Plant Microbe Interaction, Stress Physiology, Ecology, Plant Biotechnology, Microbial Physiology, Medical Microbiology, Microbial Biotechnology and Animal Biotechnology. We impart knowledge through Lectures, Laboratory Practical, Workshops, Tutorials, Assignments, Group Discussions, Seminars and Field Visits/Hospitals visits. The teaching laboratories provide modern facilities and equipments for all our UG and PG students such as digital dissection, UV-Visible spectrophotometer, Laminar Air Flow, Autoclave, High speed Centrifuge, digital pH Meter, Electrophoresis unit etc. The Department has a friendly and supportive environment to nurture enthusiastic and independent learners.

Salient Features

- Life Sciences division has talented and well-trained faculty from diverse disciplines of Biology to impart quality training in Life Sciences education and research.
- Laboratories are well equipped with all the latest instrumentation facilities required for various Programme and Research.
- Syllabi of all programmes are revised regularly to incorporate latest contents according to the need and demand of industry and academia. The syllabi of the course are designed to equip the students to qualify the exams such as CSIR NET, GATE and various competitive examinations.
- Department organizes all types of cultural and social activities along with regular teaching for holistic development of the students.
- Department encourage the students to involve in Swayam and virtual labs classes to enhance various skills.
- We always broaden the knowledge and horizon of the students through internship programs and project works.

Department of PHYSICAL SCIENCES

The Physical Sciences expands our knowledge of the universe and underlines new technologies, which benefit our society. The department of Physical Sciences is dynamic and progressive in its development of new course initiatives. The faculty is well placed to contribute substantially to the goal of SBBSU and becoming a research oriented organization. The teaching is by way of interactive sessions between students and teachers. Our courses ensure a coherent degree structure while encouraging interdisciplinary approach. The Department has highly qualified, young and dynamic faculty in various fields of Physical Sciences viz. In chemistry research interests include Green Chemistry, Polymer Chemistry, Advanced controlled drug delivery systems, Advanced heterocyclic chemistry etc. Our research oriented teaching paves the way for entry into different careers since it equips students with advanced transferable skills in information gathering, analysis and presentation, which are vital tools in the field of science.

- ↑ The department is blessed to have specialized faculty in various fields of Physical Sciences viz. Chemistry, Physics, Mathematics.
- ↑ The Department keeps its students abreast of latest advancements in technology through ultra-modern computer facilities, e-learning, virtual labs, SWAYAM Courses as per UGC guidelines.
- ↑ The department updates curricula on a regular basis to ensure that the students keep up with the changing trends of education and research globally. The syllabi of courses are designed to equip students to qualify exams such as GATE, UGC NET / SLET, etc.
- ↑ The Department has well equipped laboratories with a number of instruments and facilities like, UV-Visible Spectrophotometer, High Speed Centrifuge, Muffle furnace, Digital water bath, Digital weighing balance, Magnetic plate with stirrer, pH meter, Conductometer, Flame Photometer, colorimeter and a double distillation plant.
- ↑ Along with industry aligned academia, expert interaction, industry exposure and highly dynamic learning environment is the key features of the department.
