

## Report on Clinical/Hospital Postings (2022-2023)

Department of Life Sciences, Allied Health Sciences and Agriculture Sciences is running under the flagship of university institute of Sciences in premises of **Sant Baba Bhag Singh University, Jalandhar (PB)**.

Radiology and Imaging Technology is an important program of this department which has approximately 70 students strength at Graduate level in running two semesters in academic session 2022-2023. As per their curriculum, students need hands-on practice on various modalities and Patients in a Hospital set-up. To the fulfillment of this essential part of the practice and practical exposure, Sant Baba Bhag Singh University has an Official MOU with 150 Beds **NABH Certified Guru Nanak Mission Hospital, Dahan Kaleran, SBS Nagar (PB)**.

As per their timetable schedule, 30 Students at a time (on rotation basis) have regular visits twice in a week (Wednesday and Thursday) to the hospital along with one faculty member of concerned discipline. All students learn hospital practice on various modalities such as X-ray, CT scan, Mammography etc., Patient care & Handling under the supervision of their Faculty members and Technical staff of the hospital.
