Establishment of Research & Development (R&D) Cell Including Climate Cell

Research and innovation are critical drivers of academic excellence, socio-economic development, and sustainable solutions to real-world problems. To institutionalize research culture and promote interdisciplinary innovation, Sant Baba Bhag Singh University (SBBSU) has established a Research & Development (R&D) Cell, with a focused Climate Cell to address environmental sustainability, climate research, and green campus initiatives.

The R&D Cell will serve as a central coordinating body to strengthen research activities, foster collaborations, secure funding, and enhance the university's research output.
