Vehicle Parking Facilities

The institute provides adequate and organized vehicle parking facilities to ensure safety, convenience, and smooth traffic management within the campus.

1. Capacity and Layout
 - o Sufficient parking space is provided for students, faculty, staff, and visitors, including two-wheelers and four-wheelers.
 - o Separate designated areas for bicycles, motorcycles, and cars are available to ensure orderly parking and prevent congestion.
2. Safety and Security
 - o Parking areas are equipped with proper lighting, signage, and traffic markings to enhance safety.
 - o Security personnel and/or CCTV surveillance are deployed to monitor parking areas and safeguard vehicles.
3. Accessibility and Convenience
 - o Parking facilities are strategically located near academic blocks, hostels, administrative offices, and entry/exit points for ease of access.
 - o Roads leading to parking areas are designed to allow smooth vehicular movement without obstruction.
4. Maintenance
 - o Regular inspection and maintenance are carried out to keep parking areas clean, safe, and functional.
 - o Clear markings and designated zones are maintained to prevent misuse or overcrowding.

This provision ensures a safe, organized, and convenient parking system, supporting smooth campus operations and minimizing traffic-related hazards.

Dr. Jagdeep Kaur
Director/ Principal
