Reviewer's Comments :- M.Sc. Zoology (Hons)
I have thoroughly gone through the syllabus, it is quite informative and advanced in nature except one paper named structure & function of Chordates. This paper is already being taught in UG classes and there is no need to teach this paper again in M.Sc (Hons). I hereby recommended that this paper should be replaced with some other advanced paper which will be quite beneficial for the student in future. Rest of the papers are upto the mark.
