NOW THEREFORE, IN CONSIDERATION OF THE MUTUAL PROMISES SET FORTH IN THIS MOU, THE PARTIES HERE TO AGREE AS FOLLOWS:

1. CO-OPERATION

- 1.1 First Party and Second Party work with the cooperation of each other as they are united because of common objectives and interests. Moreover, they will establish channels of communication and co-operation that will help them in promoting and advancing their respective operations. It is the foremost responsibility of the parties to inform about the potential opportunities and share all the information that may be necessary to protect some additional opportunities for each other.
- 1.2 The collaboration of the First and Second Party will assist in the effective use of First Party's strategic skills to provide priorities for the development of appropriate training/ teaching system, taking into account the needs of the industry, the Second Party.
- 1.3 This MOU will be governed as the reference of cooperation between the two parties. The parties will co-operate and will, as soon as possible, enter into all relevant agreements, deeds and documents ('Definitive Documents') as may be required to perform the actions contemplated in terms of this MOU. The duration of the specified texts will be determined by sharing between groups. In accordance with the Clear Documents, this MOU will represent the full understanding of the matter at hand and will develop any prior understanding between the Parties on this matter.

2. SCOPE OF THE MoU

2.1 After the graduation from the institute, the student will be able to enhance their knowledge in technology field. Moreover, they will be able to enhance their innovative ideas and competitiveness spirit that is needed in the industries. It is believed by both the parties that this MoU will prove a major benefit to the student community in enhancing their skills and knowledge.

2.2 **Curriculum Design:** The Curriculum is designed with the help of feedback taken from the Second Party as they will help the first party by giving valuable inputs to the First Party in training/ teaching methodology according the present scenario of the industries.

2.3 **Industrial Training & Visits:** The Second Party permits the students and faculty members of the first party to visit their company and institute in order to enhance the technical skills of the students. Moreover, these kinds of industrial visits will help the students to cope up with the environment of the industries and students will understand what the industry needs from them and how these industries work. Similarly, these kinds of industrial visits provide exposure to the students and build confidence among them to work
