General Orientation Course

on

Curriculum Development and Enrichment

(December 1st to 28th, 2019)

General Orientation Course (GOC) on Curriculum Development and Enrichment aims at sensitizing the faculty members with the expertise pre-requisite for the design and development of appropriate need-based curriculum for the holistic development of the learners. The development and enrichment of relevant curriculum is essential for inculcating diverse skills and values in students, and guiding them towards their career. The two weeks GOC simply focuses on developing the pedagogical and research skills of the participants.

This GOC will be set with a vision of creating, extending and applying knowledge relevant to the advancement of excellence in curriculum and teaching. This GOC will be focused on understanding the importance of feedback system and role of stakeholders in curriculum updating. Excellence in curriculum and teaching is regarded as the overall way of working that balances student concerns and increases the probability of learning and long-term success.

Objectives of GOC

- To impart and improve necessary professional skills in teaching, research, and management, i.e., skill development.
- To utilize opportunities for development of personality, initiative and creativity, i.e., personality development.
- To understand the fundamental elements of designing and developing need –based curriculum.
- To train and develop faculty and to upgrade their knowledge and skills which will enable them to prepare syllabus and course module.
- To learn about incorporation of employability, entrepreneurship and skill-based courses during curricular planning and designing.

Eligibility

Newly appointed Assistant Professors up to six years of continuous service and all those faculties who require orientation for getting a higher grade will be allowed.
